

With Conviction

...beyond reasonable doubt

NSW & ACT Association of Family History Societies Annual Conference 2021

Looking toward 2021

Each year brings its own moments of happiness, challenges and lessons to learn - and 2020 was certainly no exception. It started off just like any other calendar year, but following on the heels of horrific bushfires, along came the wild and crazy rollercoaster ride of Covid-19.

All of this caused us to reset our priorities, realise the importance of family and home and we have had to rethink the way we do things ... including the Association's Family History Conference in 2021.

Our team is designing a Family History Conference with lots of helpful talks available on the day - brought right to you in the comfort of your own living room, or favourite place, or man cave, or with friends in your own Society Family History rooms. To help you to absorb even more information, the talks will be available to view or revisit for 48 hours afterwards – subject to speaker's permission.

We will be bringing you much more news about this in the new year.

So, as we wrap up 2020, we wish you all a very happy Christmas and a healthy and abundant 2021. May your Family History wishes come true.
