

With Conviction

...beyond reasonable doubt

NSW & ACT Association of Family History Societies Annual Conference 2021
Saturday, 11th September 2021

27 July 2021 Conference Update

Here we go again – upside down, back and forth, on the Covid-19 roller coaster ride. Who would have thought lockdowns would still be happening by this time. Please stay safe.

Locked down or not, we remain confident that we will broadcast the Family History Conference on 11th September 2021.

If you are hosting a local event for your members like we are, check the Covid-19 physical distancing, space requirements, or any other restrictions that are in place for your area, as well as asking about refunds if it's necessary to cancel the venue or catering.

We do have a Plan B for you if you need to cancel your broadcast for members. We will update you a little later. Meantime....

Think positive – talk positive – feel positive

Keep visiting our conference website as it is being updated regularly
